

What's New at HANDS ON! REGIONAL MUSEUM

March 3 - Sept 16, 2007

Celebrate 150 years of Johnson City history with an exciting, interactive look at its past, present, and future! Beginning as a simple train depot, Johnson's Journey leads us to an established city with a bright future.

Step back in time and experience life in a different era in The Beehive, our old-time department store, the Blue Plum Post Office, and the famous, 100 year old Lady of the Fountain statue. Explore the sights and sounds of the railroad aboard our caboose.

Pick up your magnifying glass and follow the clues along a scavenger hunt to uncover the "History Mysteries" of Johnson City. Dress for success as you play and imagine in our miniature City of the Future.

SAVE \$1.00 ON SUNDAYS WITH A CHURCH BULLETIN.
